

# Wellness Solutions

## Enhance Independence and Comfort

More than an emergency button — Alarm.com Wellness is a complete 24/7 safety net. Our solution offers a secure and cost effective option for independent living with safety, security, and comfort.

### Featured Products

Bed sensors make it easy to see if Mom got out of bed this morning

Alert buttons can be placed in high-traffic areas of the home

## Activity Patterns

Understand your family member's activity pattern and get an alert if something is out of the ordinary.

## Up and About™

Make sure your loved one is active during normal hours.

## Security & Automation

Simplify daily routines with automated temperature, light and security settings.

## Alerts

Be alerted if your loved one is wandering or leaving the house at odd hours.

## Fall Detection

Receive alerts when no activity is detected, or the bed is left vacant for a long time at night.

## Stay Safe

Get additional peace of mind with 24/7 emergency response for intrusion, fire and medical emergencies.

Dad's System: Front Door was opened at 1:07 PM on Fri, 06/21.

## Wellness Solutions

---

Wellness simplifies routine tasks with seamless automation across the home's critical systems. Easy to use rules and schedules allow you to automate lights, thermostats, locks and security – so your loved one doesn't have to remember to turn lights on or off, or lock the door every night.

## Independence and Peace of Mind

---

- Know if Mom got out of bed this morning
- See if Dad left the house for his morning walk
- Receive a notification if Grandma misses her medication
- Get an alert if fire or carbon monoxide is detected

## Comparing Wellness

### Wellness vs. Traditional Panic Pendants

---

- |                                     |                          |   |
|-------------------------------------|--------------------------|---|
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | Sends alerts even when an alert button can't be pushed  |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | Delivers customized notifications and real-time updates |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | Increases night-time safety with a wireless bed sensor  |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | Tracks behaviors and shows trends over time             |
